

# NEWSLETTER

November/December 2021

Welcome to your November /December Newsletter. It's starting to get really cold now, so we thought we would share our good news! It made us feel all warm inside!

First, we would like to thank everyone that signed up for the Morrisons 'It's Good To Grow' campaign. For every £10 you spent in store or online, and used your Morrisons card, 1 point was donated to our school (thanks for nominating our school). You raised an incredible 2500 points to spend on equipment for our school and Morrisons topped us up to 2800! Thank you Morrisons! Look out for our January Newsletter to find out what we spent our points on!

Another one of our achievements this year was reaching Level 4 in the RHS Campaign for School Gardening. At Level 4 pupils will be using tools professionally, growing and harvesting produce throughout the year and beginning to fundraise for the garden. Thanks to the hard work of the pupils and your donations at this year's plant sale we have a new certificate and £100 worth of Mr Fothergill's seeds!

WELL DONE EVERYONE

# MERRY CHRISTMAS

from everyone at NRHS
